

Mars

By:Carter

I believe I will go to Mars
To see all the martians on Mars
My friends say I won't
My mom thinks its a hoax
But I believe I will go to Mars

I believe I will see aliens on Mars
To see them would be wonderful on Mars
My friends say there fake
My mom says I'd break
But I believe I will see aliens on Mars

I believe I will live on Mars
I would love to live on Mars
My friends say I can't
My mom says stop messing with that plant
But I believe I will live on Mars

I believe I will love Mars
When I live on Mars
My friends say that's bad
My mom says I'm making her mad
But I believe I will love Mars
